DEBORAH A. ELLIS
(Research-Educator)

Office Address:
IBio Behavioral Health (H206)
6135 Woodward Ave
Detroit, MI 48202
Phone: (313) 577-1055
E-mail: dellis@med.wayne.edu

EDUCATION

Predoctoral Internship, Children's Hospital of Michigan	9/92-8/93
Michigan State University, East Lansing, Michigan APA Approved Program Ph.D. in Child/Family Clinical Psychology	9/90-8/93
Michigan State University, East Lansing Michigan APA Approved Program M.A. in Child/Family Clinical Psychology	9/87-8/90
University of Michigan, Ann Arbor, Michigan B.A. in Psychology with honors	9/83-4/87

POSTGRADUATE TRAINING

Postdoctoral Fellowship, Children's Hospital of Michigan	9/93-8/94
--	-----------

FACULTY APPOINTMENTS

Director, Division of Behavioral Sciences, WSU Department of Family Medicine	8/17-present
Professor of Family Medicine and Public Health Sciences, Wayne State University School of Medicine	7/16-present
Professor of Pediatrics and Psychiatry, Wayne State University School of Medicine	9/13-6/16
Associate Professor of Pediatrics, Wayne State University School of Medicine	9/08-8/13
Assistant Professor of Pediatrics, Wayne State University School of Medicine Research-Educator Track (tenure track)	8/06-8/08
Assistant Professor of Psychiatry, Wayne State University School of Medicine Research-Educator Track (tenure track)	8/04-7/06
Assistant Professor of Psychiatry, Wayne State University School of Medicine Clinician-Educator Track (non-tenure track)	1/95-8/04

HOSPITAL OR OTHER PROFESSIONAL APPOINTMENTS

Allied Health Staff, Children's Hospital of Michigan	12/95-6/16
--	------------

Director, Section for Treatment Adherence Research, WSU Department of Psychiatry	2/05-8/06
Director of Psychological Services, Children's Multidisciplinary Specialty Clinics (CMS) at CHM	11/97-8/00

MAJOR PROFESSIONAL SOCIETIES

American Psychological Association
 Division of Pediatric Psychology
 Division of Children, Youth and Families
 American Diabetes Association

LICENSURE

Licensed Psychologist - State of Michigan, (#6301009151)	1996-present
--	--------------

HONORS/AWARDS

Member, National Institutes of Health (NIH) Science of Behavior Change (SOBC) Common Fund Program External Scientific Advisory Panel (ESP). The ESP provides critical insight to assist the NIH in advancing the science supported within the program and ESP members attend annual meetings with grantees among other responsibilities	2018-2021
Wayne State University School of Medicine Teaching Excellence Award	2019
Wayne State University School of Medicine Research Excellence Award	2019
Wayne State University School of Medicine Research Excellence Award (nominee)	2018
Wayne State University School of Medicine Teaching Excellence Award	2012
Wayne State University Career Development Award	2010
WSU School of Medicine Teaching Excellence Award	2007
WSU School of Medicine Research Excellence Award	2004

SERVICE

Wayne State University

Departmental/Divisional

Organizing committee, Michigan Family Medicine Research Day. Serve on organizing committee for statewide conference hosted in 2024 by WSU DFMPHS	8/23-present
Chair, DFMPHS Faculty Search Committee (filling two faculty positions)	4/23-9/23
MPH Curriculum Committee (Member)	2/19-present
Department of Family Medicine Promotion and Tenure Committee	2/16-present
Chair, DFMPHS Faculty Search Committee (filling two faculty positions)	9/18-5/20
Department of Pediatrics Promotion and Tenure Committee	4/09-6/14
Department of Psychiatry Pediatric Psychology Intern Selection Committee. Review 20-30 applications and interview 3-5 candidates yearly	1/95-3/14
Department of Psychiatry Research Review Board (DRB). Review 4-5 research applications from faculty per year for design and ethics prior to IRB submission	7/03-8/06
Department of Psychiatry Promotion and Tenure Committee (Non-Voting Member)	4/03-8/06

School

Judge, Graduate Student Research Day	1/24
Member-at-large, SOM Faculty Senate Executive Committee	7/23-present
SOM Office of Faculty Affairs Speed Mentoring Event	2017-2022,
Provide CV review and advice regarding P & T process to 5 SOM faculty	2024
Member-at-large, SOM Faculty Senate Executive Committee	7/14-6/19

Chair, 5-Year Review, Department of Oncology	05/18-4/19
Faculty Senate Subcommittee Chair for SOM P & T process	10/14-10/18
Interface with SOM Office of Faculty Affairs to organize faculty components of yearly P & T Meeting	

University

Member, Merrill-Palmer Skillman Institute Internal Advisory Board	9/23-present
Member, Academic Program Review Committee, WSU College of Nursing	2/23
Serve on committee conducting review of CON Ph.D. program	
Serve on 3N Committee reviewing University-level promotion and tenure guidelines for tenure track/ tenured faculty	9/22-5/23
Vice President, AAUP-AFT Local 6075	9/20-12/23
Member, WSU Behavioral IRB (B3)	6/19-present
In addition to serving as a regular committee member, I also serve as the committee adverse event (AE) reviewer; this role involves review of any AE reported to the IRB for open B3 protocols.	8/21-present
Serve on 2N Committee developing University-level guidelines for promotion for newly created teaching faculty category	9/21-3/22
Serve as member of AAUP-AFT Local 6075 Bargaining Team during contract negotiations. Met weekly with administration team and weekly with Union team during an eight-month period in 2021	1/2021- 9/2021
University-wide Promotion and Tenure Committee	12/19-4/20
IBio Thematic Recruitment Steering Committee	8/18-5/20
Chair, WSU Behavioral IRB (B3)	10/13-5/19
WSU Research Review Committee (Social Sciences Subcommittee), Academic Senate	3/16
Member, WSU Biomedical IRB (MP4)	10/07-9/13
WSU Career Development Award Review Committee	2/11
WSU Research Review Committee (Social Sciences Subcommittee), Academic Senate	6/10; 3/15
WSU Merrill-Palmer/Skillman Institute Student Poster Day Judge	2009-2012
Judge doctoral student research posters submitted for yearly competition	
Vice-Chair, WSU Human Subjects Investigation Committee (MPO2)	2/02-12/02
Wayne State University HIC Steering Committee	9/98-12/02
Chair, WSU Pediatric Biomedical Human Subjects Investigation Committee (PO4)	9/00-8/01
Vice-Chair, WSU Pediatric Human Subjects Investigation Committee (PO4)	3/99-8/00
Member, Wayne State University Pediatric Biomedical Human Subjects Investigation Committee	9/96-3/99

Affiliate medical organizations (e.g., DMC, KCI, VA, HFH, Oakwood)

Member, Population Studies and Disparities Research Program, Karmanos Cancer Institute	3/06-present
Children's Research Center of Michigan Advisory Board	12/09-5/10
Children's Research Center of Michigan Strategic Planning Committee	2/07- 5/07
General Advisory Committee for CHM General Clinical Research Center (GCRC)	8/02-9/03
Children's Hospital of Michigan Pain Management Committee	9/99-8/02

Community

Presenter at Diabetes Solutions Type 1 Diabetes Community Forum held on Wayne	5/2023
---	--------

County Community College campus

Served on organizing committee for “Type 1 in the D” event focusing on community health and wellness for minority children with Type 1 diabetes and their families. Event was conducted in collaboration with Wayne County Community College. Attended multiple planning meetings and personally conducted focus groups with consumers to obtain feedback on event content. Participated in events held on WCCC campus in November 2019 and January 2020. 08/19-3/2020

Scholarly Service

Grant Review Committees

National/International

Reviewer, NCATS Special Emphasis Panel/Scientific Review Group ZTR1 CI-9 (01). Ad hoc review of CTSA Hub (UM1) applications.	5/2023
Member, Diabetes, Endocrinology and Metabolic Diseases B Subcommittee (DDK-B Subcommittee). Participate in study section reviewing NIDDK training grants (K01, K08, K23, T32)	2018-2022
Reviewer, NIH SBIR/ STRR Review Panel 2021/08 ZMD1 XLN (A1) R Technologies/Innovations for Improving Minority Health and Eliminating Health Disparities	2021
Reviewer, DIRH Study Section. Ad hoc review of grants submitted to dissemination and implementation science study section	10/18
Reviewer, NIDDK, Diabetes, Endocrinology, and Metabolic Diseases B Subcommittee (DDK-B) Ad-hoc reviewer for training grants (K01, K08, K23) submitted to NIDDK	3/2018
Reviewer, NIDDK ZDK1 GRB-9 Review one R01 submitted as a resubmission	3/2018
Reviewer NIH Review Panel Allergy, Immunology, and Transplantation Research Committee (AITC). Ad hoc review of K-award submitted to NIAID (10/17)	2017
Reviewer, Swiss National Science Foundation. Review grant submitted to SNSF (07/17)	2017
Reviewer NIH SBIR Review Panel ZRG1 RPHB-C(10)B Rotating member, participate in study section 1-2x yearly	2009-2017
Reviewer NIDDK ZDK1GRB-9 Review Ancillary Study to the primary TODAY trial following an existing national cohort of youth and young adults with T2D	2016, 2017
Reviewer NIDDK GRB-J O1 Improving Diabetes Management in Young Children with T1D (DP3 mechanism)	2015
Reviewer, NIDDK ZDK1 GRB-N (O2) Continuation of the SEARCH for Diabetes Cohort Study (UC4)	2015
Reviewer for internal grant award program, University of Leuven, Belgium (03/15)	2015
Reviewer NIH ZRG1 EMNR-K 90 /ZRG1 EMNR-K (80) S Translational Research in Diabetes, Obesity and Endocrine Disorders SEP Rotating member, review yearly	2010-13
Reviewer ZDK1 GRB-1 (O3) Training in Behavioral Research in Type 1 Diabetes Review T32 and K12 training grants submitted to NIDDK	2012
Reviewer NIDDK Diabetes, Endocrinology, and Metabolic Diseases B Sub-Committee. Review training grants (K01, K08, K23, T32, T35) submitted to NIDDK	2010-2011
Reviewer, Swiss National Science Foundation. Review grant submitted to SNSF (11/09)	2009

Reviewer NIH ARRA Challenge Grants. Participate in review of grants for the RPHB IRG	2009
Reviewer NIDDK SRG ZDK1 GRB-2 Closed Loop Technologies: Clinical and Behavioral Approaches	2009
Reviewer, NIDDK SRG DP2 Type 1 Diabetes Pathfinder Awards	2008
Gilling Innovation Laboratories Program. Review applications submitted to the GIL program at UNC School of Public Health	2008
Reviewer, NIH Loan Repayment Program (LRP)	2006
Reviewer, NIAAA. Participate in review of NIAAA alcohol center grant application	2003

Regional/Local

Grant Reviewer, Michigan Center for Diabetes Translational Research Pilot & Feasibility Study Grant Program	6/2023
Grant Reviewer, Children’s Research Center of Michigan (CRCM). Responsible for review of applications for bi-annual funding cycle	2003-06
Grant Reviewer, Children’s Leukemia Foundation of Michigan: Responsible for serving on board reviewing psychosocial oncology grant applications for yearly funding cycle.	1995-97

Other Service

Abstract reviewer, American Diabetes Association Annual Scientific Sessions	1/22, 1/24
Chair, Data and Safety Monitoring Board for NHLBI Funded R61/R33 “Clinical Trial of the FIT Families Multicomponent Obesity Intervention for African American Adolescents and Their Caregivers: Next Step from the ORBIT”.	11/21-present
Serve as external reviewer for planned K01 grant submission for School of Social Work, WSU	12/20

Serve as external reviewer for planned K23 grant submission for University of Central Florida 08/20

Journal of Pediatric Psychology Reviewer Mentoring Program 4/07-9/11
Work with assigned mentees to teach the process of scholarly review of journal article submissions. Goal was to increase the pool of reviewers available for review of submissions to professional journals.

TEACHING

Wayne State University

Undergraduate

Serve as Honor's Thesis advisor for undergraduate students enrolled in PSY 4991 (Honors Directed Study), PSY 4998 (Senior Thesis Seminar) and HON 4998 (Senior Thesis) for 6-12 credits per semester 1/13-present

Dixy Rajkumar (1/13-12/13) Completed Honors Thesis
Megan Kucemba (1/13-6/14) Completed Honors Thesis
Hassan Saleh (9/14-4/16) Completed Honors Thesis
Zeinab Mouzanner (6/17-12/17)
Lauren McKenzie (9/21-4/22) Completed Honors Thesis

WSU ReBUILD Program. My laboratory served as a summer placement for a WSU undergraduate student in the BUILD (Building Infrastructure Leading to Diversity) program. This nationwide program is committed to ensuring that students from all backgrounds receive support during their educational experience and as they pursue biomedical careers. The student completed an 8 week summer placement that including writing a short paper and presenting a poster at the end of the program. Summer 2019

WSU ReBUILD Program. My laboratory served as a summer placement for a WSU undergraduate student in the BUILD (Building Infrastructure Leading to Diversity) program. This nationwide program is committed to ensuring that students from all backgrounds receive support during their educational experience and as they pursue biomedical careers. The student completed an 8 week summer placement that including writing a short paper and presenting a poster at the end of the program. The student also presented her poster at the WSU RoBUST Annual Symposium in Fall 2018 and was subsequently accepted for a summer undergraduate public health research experience at Harvard. Summer 2018

WSU SOM Biomedical Career Advancement Program (BCAP). My laboratory served as a summer placement for three Detroit Public Schools high school students participating in the program. Students were placed in the lab for four days per week during a 6 week period, completed a research project and presented their results at a symposium at the end of the placement. Summer 2017

WSU College of Nursing Socio-behavior Training and Research (STaR) Program (NR013160) 6/13-8/13
Serve as primary advisor for one undergraduate nursing student enrolled in the STaR summer program, an R25-funded initiative to train undergraduate nursing students in the conduct of research. STaR students completed 20 hour per week

summer research training rotations, including completion of independent research projects and related formal presentations and abstracts.

NIDDK STEP-UP Program. Served as a research mentor for NIDDK program placing minority students for summer research training experiences. Students completed a formal research project, conference poster and oral presentation at NIDDK as part of the program 2008

Graduate

Co-Course Director, FPH 8991 Master's Project Course (ILE) 1/19-present
 Serve as one of two instructors co-teaching weekly classroom-based MPH capstone course offered each semester (Fall, Winter and Spring/Summer).

Co-Course Director, FPH 8990 Master's Project Course (ILE) 6/17-5/22
 This course is an alternative to 8991 offered as an independent study every semester. Students complete an individualized culminating scholarly project under the direction of a project advisor. Course directors are assigned to students as they enroll in the course and are responsible for orientation sessions regarding the project, assisting students to obtain project advisors, vetting the project proposal (formal submission process), reviewing final project paper, managing and grading required oral presentations and assigning final course grades.

Responsible for teaching weekly Pediatric Psychology Therapy seminar and providing accompanying clinical supervision to four pediatric psychology pre-doctoral interns. This involved 1-2 hours per week of face-to-face contact for didactic teaching and clinical supervision, including twice-monthly readings of scholarly chapters and journal articles 9/06-8/15

Graduate Students

Amber Sepsey (PhD candidate, research rotation)	2021
Meghna Shukla (College of Nursing Doctoral Candidate)	2019-2020
Served as course director for directed study course and required research residency (SS 2019); 10 hours per week total	
Breana Borg (MPH Academic Advisor)	2020-2021
Divya Sruthi (MPH Research volunteer)	2019-2021
Aamna Sajid (MPH Academic Advisor)	2019-2021
Charis Wiltshire (MPH Academic Advisor)	2019-2022
Emily Wojcik (MPH Academic Advisor)	2018-2021
Bianca Korkis (Public Health Certificate Academic Advisor)	2018-2021
David Cicala (MPH Academic Advisor)	2020
Ashley Griffin (Public Health Certificate/ MPH Academic Advisor)	2017-2021
Sarah Vaughn (MPH Academic Advisor)	2020
Nimrat Sindhu (MPH Academic Advisor)	2018-2019
Kacie Sanderson (MPH Academic Advisor)	2018
Jaclyn Koko (MPH Academic Advisor)	2017-2019
Shachi Pradhan (MPH Research Thesis Advisor)	2016-2019
Chelsea Dark (PhD candidate, research rotation)	2012-2013
Heidi Berio (PhD candidate, research rotation)	2009-2010
Dikla Eckshtain (PhD candidate, research rotation)	2007-2008

See below for additional graduate students mentored as part of completion of master's theses and dissertations

Residents/Fellows

Responsible for a variety of lectures for pediatric psychology pre-doctoral interns, pediatric medical residents and fellows and psychiatry fellows through CHM/WSU 9/95-present

Medical Students (Research in Ellis Lab)

Michal Ruprecht 2023-present

Student received a 2024 Medical Student Research Fellowship

Zechariah Jean 2022-2023

Mentorship

Faculty

Ana Gutierrez-Colina, Assistant Professor, Colorado State University 2022-present

Selected to mentor underrepresented junior faculty member through the NIH-funded LEAP program (Leadership and Education Advancement Program for Diverse Scholars), which is managed by the American Psychological Association (APA)

Angelica Eddington, Assistant Professor of Pediatrics, University of Tennessee Health Sciences Center. 2019-2021

Selected to mentor underrepresented junior faculty member through the NIH-funded LEAP program (Leadership and Education Advancement Program for Diverse Scholars), which is managed by the American Psychological Association (APA)

Elizabeth Towner, Assistant Professor of Family Medicine, WSU 2017-present

Jacqueline Hawkins, Assistant Professor of Social Work, Michigan State University 2016-2018

Selected to mentor minority junior faculty member to submit successful NIH award through NIH's National Research Mentoring Network (NRMN). Faculty member submitted an R21 grant application and two NIH Loan Repayment Program grant submissions under Ellis mentorship.

Heather Fritz, Assistant Professor of Occupational Therapy, WSU 2015-2020

Samuele Zilioli, Assistant Professor of Psychology and Family Medicine, WSU 2016-2022

April Idalski Carcone, Assistant Professor of Pediatrics, WSU 2011-2015

Sindhu Ramchandren, Assistant Professor of Neurology, WSU (K award recipient with Ellis as a mentor) 2010-2012

Heather Janisse Assistant Professor of Psychology, Eastern Michigan University (Minority Supplement on Ellis R01) 2008-2010

WSU Research Postdoctoral Fellows

Katherine (Katie) Knauft	2022-present
Karen Kolmodin MacDonell	2007-2009
Katie Brogan	2005-2009
Cheryl-Lynn Podolski	2004-2006

Essays/Theses/Dissertations directed

Meghna Shukla, Doctoral Candidate, WSU College of Nursing. “An Exploration of Medical Mistrust in Urban African American Adolescents with High Risk Asthma”. Wanda Gibson-Scipio, Committee Chair, Deborah Ellis, Ph.D. Committee Member. Used data from Ellis R01.	2023
Jared Hudson, Master’s Candidate, Basic Medical Sciences, WSU School of Medicine Evaluating Disparities in Mental Healthcare Access for Minority Children During the Pandemic: A Systematic Review. Deborah Ellis, Ph.D. Committee Chair.	2023
Samia Alharrasi, Doctoral Candidate, WSU College of Nursing “The Roles of Body Appreciation and Self-Worth in the Social Support, Self-Management, and Glycemic Control Relationships with Type 2 Diabetes Mellitus among Adults Arab Omani Women” Maha Abdour, Ph.D. Committee Chair, Deborah Ellis, Ph.D. Committee Member	2022
Qing Ai, Doctoral Candidate WSU Department of Nutrition and Food Science “Probiotic effect of Clostridium cochlearium is associated with significant change of short-chain fatty acid metabolism and gut microbiota” Kequan Zhou, Ph.D., Chair, Deborah Ellis, Ph.D. Committee Member	2021
Nouf Al-Harbi, Doctoral Candidate, WSU Department of Nutrition and Food Science. “Changes in Dietary Patterns of Saudi Women Residing in Saudi Arabia, South Korea, and The United States: The Effects of Acculturation”. K-L Jen, Ph.D., Chair, Deborah Ellis, Ph.D. Committee Member.	2021
Walaa Alhassani, Doctoral Candidate, WSU Department of Nutrition and Food Science. “ <u>The Effects of a High Fiber Beta Glucan Meal on Mental Health, Health-Related Quality of Life and Nutritional Status Among Arab Refugees in Metropolitan Detroit</u> ”. K-L Jen, Ph.D., Chair, Deborah Ellis, Ph.D. Committee Member.	2018
Dana May, Doctoral Candidate, WSU Department of Psychology. “ <u>Diabetes Interaction Study: Communicating Understanding and Social Support</u> ”. AnnMarie Cano PhD and Deborah Ellis, PhD, Co-Chairs	2015
Dana May, Master’s Candidate, WSU Department of Psychology. “ <u>A Warm Watchful Eye: Parental Emotional Support and Monitoring in Multisystemic Therapy for Diabetic Youth</u> ” (Master’s Thesis). AnneMarie Cano, Ph.D., Chair; Deborah Ellis, Ph.D., Committee Member. Used data from Ellis R01	2012
April Idalski Carcone, Doctoral Candidate, WSU School of Social Work. “ <u>A Social Ecological Perspective on Diabetes Care: Supporting Adolescents and Caregivers</u> ” (Dissertation). Arlene Weisz, Ph.D., Chair; Deborah Ellis, Ph.D., Committee Member. Used data from Ellis R01	2010

- Lori Borg, Master's Candidate, Wayne State University School of Education. 2008
"Correlates of Readiness to Change in Youth with Poorly Controlled Insulin Dependent Diabetes" (Master's Thesis). Stephen Hillman, Ph.D., Advisor. Used data from Ellis R01
- Darnyl Katzinger, Doctoral Candidate, Chicago School of Professional Psychology. 2004
"The Effect of Multisystemic Therapy on Quality of Life, Metabolic Control and Family Functioning in Adolescents With Poorly Controlled Type I Diabetes" (Empirical Dissertation). Kenneth Kessler, Ph.D., Chair; Deborah Ellis, Committee Member. Used data from Ellis R01
- Justin Yopp, Doctoral Candidate, Central Michigan University. "The Impact of Family Functioning on Treatment Adherence for Adolescents with Poorly Controlled Type 1 Diabetes" (Dissertation). Larissa Niec, Ph.D., Chair; Deborah Ellis, Ph.D., Committee Member. Used data from Ellis R01 2004
- Edwin Poon, Doctoral Candidate, Michigan State University. Ph.D. conferred 1998. 1997-1998
"Cognitive Functioning of Sons of Alcoholics During Early Elementary School Years As Related to Subtypes of Familial Alcoholism" (Dissertation). Hiram Fitzgerald, Ph.D., Chair. Deborah Ellis, Ph.D., Committee Member.

GRANTS, CONTRACTS, AND OTHER FUNDING

Active National/International Grants and Contracts

- NIMHD 1R01MD018583-01 Family mHealth Intervention to Improve Health Outcomes in Black Youth with Type 1 Diabetes: A Multi-Center Randomized Controlled Trial 07/23-12/27
 The goal of the study is to conduct a multicenter clinical trial to test the effectiveness of an mHealth intervention to improve diabetes-related and family health among Black adolescents with type 1 diabetes and their caregivers
 Principal Investigator: Deborah Ellis, Ph.D. (20% effort)
 \$3,040,000 (Total Costs)
- HRSA 1 T29HP46751-01-00 Community Health Worker Academy: Workforce Development to Improve Urban Health Care and Advance Health Equity 09/22 - 09/25
 The purpose of the project is to enhance and bring to scale the Community Health Worker Academy at Wayne State University. The proposed project will dramatically improve the metro Detroit Community Health Worker (CHW) workforce.
 Principal Investigator: Nate McCaughtry, Ph.D.
 Role: Co-investigator (3% effort)
 \$2,618,264 (Total Costs)
- NIMHD 1 P50 MD017351-01 ACHIEVE GreatER: Addressing Cardiometabolic Health Inequities by Early PreVEntion in the Great LakEs Region 09/21 - 08/26
 The ACHIEVE GreatER Center is a collaboration between investigators at Wayne State University, Henry Ford Health System, Case Western Reserve University/University Hospitals) address and reduce inequities in the

cardiometabolic health of Black residents living in areas with extreme social vulnerability by deploying a suite of community engagement resources, including evidence-based community health worker interventions and foster a diverse workforce of well-trained, early-career stage investigators who will collectively focus on alleviating chronic cardiovascular disease disparities that drive US life span inequality.

Principal Investigator: Phillip Levy, MD

Role: Director of the Community Engagement Core (20% effort)

\$18,154,012 (Total Costs)

NIDDK 3R01DK110075-S411 “Effects of COVID-19 Related Stressors on an Effectiveness Trial of an E-Health Intervention: Administrative Supplement” 4/21-3/24

The goal of this study is to determine whether three COVID-19 related social/behavioral stressors (psychological distress, reduced healthcare utilization, loss of family financial resources) affect the trajectory of diabetes management and glycemic control of a sample of Black youth with type 1 diabetes

Principal Investigator: Deborah Ellis (5% effort)

\$200,000 (Total Direct Costs)

NIDDK R01DK116901-01A1 “Improving Diabetes Health in Emerging Adulthood through an Autonomy Support Intervention” 3/19-1/24

The goal of this study is to test a multicomponent autonomy support intervention to improve metabolic control among older adolescents and emerging adults (16-25) with poorly controlled type 1 diabetes.

Principal Investigator April Carcone, Ph.D.

Role: co-investigator 10% effort

\$1,890,009 (total direct costs)

NHLBI R01HL1386301-A1 “Translating an Efficacious Illness Management Intervention for African American Youth with Poorly Controlled Asthma to Real World Settings” 7/17-6/23

The goal of this application is to tests an evidence-based intervention for youth with poorly controlled asthma under real world conditions with community partners

Principal Investigator: Deborah Ellis, Ph.D. (25% effort)

\$2,506,000 (total direct costs)

NIDDK R01DK110075-01A1 Effectiveness Trial of an E-Health Intervention To Support Diabetes Care in Minority Youth 04/17 – 03/24

The goal of the study is to conduct a multicenter clinical trial to test the effectiveness of an e-health intervention to promote positive parenting practices among parents of African American youth with type 1 diabetes

Principal Investigator: Deborah Ellis, Ph.D. (40% effort)

\$2,310,000 (total direct costs)

Active Other Grants and Contracts

None.

Previously funded Grants and Contracts

- NIGMS UL1GM118982 REBUILD Detroit (Research Enhancement Core) 2/19-10/20
 The overall goal of the REBUILD Detroit program is to create a consortium of institutions (University of Detroit-Mercy and Wayne State University) in downtown Detroit to work together to train underrepresented minority students to be tomorrow's leaders in biomedical research. The research enhancement core enhances collaboration between faculty at UDM and WSU to promote success at UDM, administers pilot grant applications and awards, and assists in training of undergraduate students.
 MPIs: Snyder, K (contact) & Kumar, A.
 Role: co-investigator within REC, 5% effort
- Wayne State University President's Research Enhancement Program: Integrative BioSciences "Researchers of Biobehavioral Health in Urban Settings Today" 9/15-8/18
 The goal of the project is to foster transdisciplinary collaborations in the area of biobehavioral science via increased opportunities for scientific interactions, training of postdoctoral fellows and funding seed grants in urban health across the WSU campus.
 Principal Investigators: Richard Slatcher, Deborah Ellis and Malcolm Cutchin (no salary support)
 \$899,558 (Total Costs)
- NIDA R01 DA034497-01 "Targeting Prospective Memory to Improve HIV Adherence in Adolescents at Risk for Substance Abuse" 6/12-5/18
 The goal of this project is to improve medication adherence in young adults with HIV through interventions to improve prospective memory
 \$2,537,571 (total direct costs)
 Principal Investigator: Sylvie Naar-King
 Role: co-investigator 5-10% effort
- NIAAA R01 AA022891-01 Comparing the effectiveness of two alcohol+ adherence interventions for HIV+ youth 11/13 – 7/17
 The goal is to conduct a comparative effectiveness trial in real-world clinic settings to test an efficacious intervention designed to reduce alcohol use and improve medication adherence and HIV-related health outcomes among HIV-positive youth.
 \$2,498,580 (total costs)
 Principal Investigator: Sylvie Naar-King
 Role: co-investigator 5% effort
- NIDDK R21 DK100760 Patient-Provider Communication to Promote Health Behavior Change in African American Adolescents 8/14-7/17
 The purpose of the study is to conduct a secondary analysis of an existing R01 data set to identify therapist communication strategies that optimize motivation for weight loss among obese African American youth and their caregivers.
 Total Direct Costs: \$286,690
 Principal Investigator: April, Carcone, Ph.D
 Role: Co-investigator (5%)
- NIDDK R34DK102091-01 "Translating Home-Based Interventions for Adolescents with Poorly Controlled T1D" 4/14-3/17
 The purpose of the study is to pilot test an adapted home-based family

- intervention for use by community health workers to improve diabetes management and health outcomes among youth with poorly controlled diabetes
\$410,928 (total costs)
Principal Investigator: Deborah Ellis, Ph.D, 5% effort
- NIDDK DP3 DK097717-01 “Reducing Stress in Adolescents and Young Adults with T1D to Improve Diabetes Care” 12/12-06/17
The goal of this project is to use a phased approach to intervention development to pilot test a stress reduction intervention to improve adherence and glycemic control in adolescents and young adults with Type 1 diabetes.
\$2,343,122 (total direct costs)
Principal Investigator: Deborah Ellis, Ph.D. 30% effort
- NIDDK R03 DK097444-01 “Parent-Focused Obesity Intervention for Low-income African American Preschoolers” 9/13-8/16
The goal of this project is to develop and pilot test and intervention for obese African American preschoolers enrolled in Headstart programs in Detroit
\$375,000 (total costs)
Principal Investigator: Heather Janisse, Ph.D.
Role: co-investigator 5% effort
- NIDDK R21 DK089238 “Computer Motivational Intervention To Improve Diabetes Care in Minority Youth” 4/11-3/13
The goal of this project is to develop and test a computer-delivered intervention to maintain parental involvement in diabetes care among minority families.
\$418,000 (total costs)
Principal Investigator: Deborah Ellis, Ph.D. 10% effort
- K23 NS072279-01A1 “Validation of a Disease-Specific Instrument for Pediatric Inherited Neuropathy” 2010-2012
The goal of this project is to train Dr. Ramchandren to be an independent researcher in patient-oriented research
Principal Investigator: Sindhu Ramchandren, M.D.
Role: co-mentor
- NIDDK T32 Application “Training Program in Endocrine and Diabetes Research” 5/10-4/15
The objective of this application is to take advantage of the excellent academic environment of the Wayne State University School of Medicine to direct young endocrinologists to the research/academic track, and motivate and train them in basic, clinical and translational endocrine research disciplines so they may develop into mature/rounded endocrine investigators.
Principal Investigator: Abdul Abou-Samra, M.D.
Role: Training Faculty
- NCI R01CA138981 "Resources, Parent-Child Communication and Adjustment to Pediatric Cancer" 8/09-5/14
The proposed study will identify and experimentally test relationships between specific social and personal resources and parent-child communication and parent/child immediate responses to treatment procedures and psychosocial

adjustment. Total costs: \$2,455,415
Principal Investigator: Louis Penner, Ph.D.
Role: Co-Investigator 3% effort

- NHLBI U01 HL097889 “Interventionist Procedures for Adherence to Weight Loss Recommendations in Black Adolescents” Obesity Center Grant. 10/09-9/14
The goal of the application is to develop an obesity treatment center specializing in pediatric behavioral interventions for weight loss using community health workers as interventionists. Total costs: \$5,697,402
Principal investigators: K-L Jen and Sylvie Naar-King
Role: Co-Investigator 15% effort
- NHLBI RO1HL087272 “Multisystemic Therapy to Reduce Health Disparities in Adolescents with Asthma” 9/08-8/13
The purpose of the study is to conduct a randomized clinical trial of MST for use with high-risk urban youth with severe asthma and multiple ED visits and inpatient admissions. Total costs: \$3,690,272
Principal Investigator: Sylvie Naar-King, Ph.D.
Role: Co-investigator 28% effort.
- Michigan Department of Community Health Division of HIV/AIDS 10/07-9/12
“Adherence services for Pediatric and Adolescent HIV”
Yearly renewable contract providing home-based services for children living with HIV and their families
Principal investigator: Sylvie Naar-King, Ph.D.
Role: Co-Investigator 2-10% effort over time.
- NIDDK 2RO1 DK059067 “Testing Multisystemic Therapy: Adherence to IDDM Regimen in Urban Youth” Competing renewal of randomized controlled trial of Multisystemic Therapy as an intervention for treatment non-adherence among youth with diabetes. Goal is to improve the adherence and metabolic control of youth with poorly controlled diabetes. Study funded for five years at \$2,477,573 (total costs) 9/06-5/12
Principal Investigator: Deborah Ellis, Ph.D. 25% effort
- NIDDK 3R01DK050976 “Diversity Supplement to Adherence to Urban Regimen in Urban Youth” The purpose of the study is to facilitate the research career development of Dr. Heather Janisse, a faculty member in the WSU Department of Pediatrics. Study funded for three years at \$237,770 (total costs). 10/08-9/10
Principal Investigator: Deborah Ellis, Ph.D. (no salary support)
- NIDA 1 R34 MH077500-01A1 “Adapting MST to Address Transmission Risk Behaviors in HIV+ Young People” The goal of this study is to adapt MST for the treatment of risky sexual behavior in HIV infected youth. Study funded for three years at \$616,136 (total costs). 2/07-1/10
Principal investigator: Elizabeth Letourneau, Ph.D.
Role: Co-Investigator. 5% effort
- Children’s Research Center of Michigan “Motivational Enhancement for Overweight African American Adolescents.” Study funded for two years at \$50,000. 4/08-3/10
Principal investigator: Sylvie Naar-King, Ph.D.

Role: Co-Investigator (no salary support allowed)

- American Diabetes Association “Adapting Multisystemic Therapy to Improve Food Choices and Health Outcomes in Obese African American Youth” Pilot study of Multisystemic Therapy as an intervention for morbidly obese African-American adolescents. Study funded for three years at \$748,000 (total costs).
Principal investigator: Sylvie Naar-King, Ph.D.
Role: Grant co-investigator. 15-20% effort 7/05-12/08
- Michigan Department of Community Health Division of HIV/AIDS “HIV Medication Access, Adherence and Monitoring Services” Study funded 9/07-8/08 at \$82,700; grant is renewable.
Principal investigator: Sylvie Naar, Ph.D.
Role: Grant co-investigator 10-20% effort 1/02-9/07
- NIDDK 1R01 DK 59076 “Testing Multisystemic Therapy: Adherence to IDDM Regimen in Urban Youth” Randomized controlled trial of Multisystemic Therapy as an intervention for treatment non-adherence among children with diabetes. Study funded for five years at \$2,168,623 (total costs).
Principal investigator: Deborah Ellis, Ph.D. 50% effort 9/01-8/06
- NIDDK R21 DK57212 “Adherence to IDDM Therapy in Urban Youth” Pilot study investigating the use of Multisystemic Therapy as an intervention for treatment non-adherence among adolescents with diabetes. Study funded for two years at \$297,879 (total costs).
Principal investigator: Deborah Ellis, Ph.D. 25% effort 9/99-8/01
- Morris Hood Comprehensive Diabetes Center Feasibility study investigating the use of Multisystemic Therapy as an intervention for treatment non-adherence among adolescents with diabetes. Study funded for one year at \$34,990 (total costs).
Principal investigator: Deborah Ellis, Ph.D. No faculty salary support allowed 8/99-7/00
- Children’s Leukemia Foundation Co-investigator on study investigating late effects of methotrexate therapy on survivors of childhood leukemia. Study funded at \$24,500 for two years.
Principal investigator: Jeffrey Taub, M.D. No faculty salary support allowed. 9/96-8/99
